Which process?

Process for Purchasing under a Supply Arrangement (SOA)

Purchasing from a supply arrangement is the Department's preferred purchasing (sourcing) method.

Where there is a mandatory Department or Queensland Government supply arrangement, it must be used.

Supply Arrangements use established terms and conditions, and in some instances, competitive prices have already been negotiated.

Up to \$500,000 (ex GST): A Purchasing Delegate can facilitate the process and a Financial Delegate approves the expenditure (up to the value of their Financial Delegation).

Up to \$500,000 (ex GST): an Alternate Sourcing Strategy must be approved when seeking less than the minimum quotes outlined for the [specific arrangement](#) (DoE employees only).

Over \$500,000 (ex GST): a Procurement Delegate will be required to approve the process and Financial Delegate approves the expenditure – an [SOA sourcing strategy](#) (DoE employees only) form must be used to commence this process.

Keep and securely store all related documentation in accordance with the [Records management manual](#) (DoE employees only).

This is the process to be followed when purchasing from a Supply Arrangement ([Flowchart 6 – Supply arrangement](#)):

Stage 1: Plan (SOA)

- Identify the requirements to be purchased
- Obtain indicative Financial approval to proceed with purchasing activity
- Search for a suitable supply arrangement which offers the goods or services required
 - There are three types of arrangements available:
 - Department supply arrangements (some arrangements are mandated for use) are established and managed by the department and include applicable department specific requirements, these arrangements MUST be used where possible.
 - [Whole-of-Government supply arrangements](#) established by other Queensland Government departments for use by all agencies. When accessing these arrangements, purchasers must consider any [additional department specific procedures](#) (DoE employees only) relevant to the purchase e.g. are Blue Cards required?
 - [Other agency arrangements](#) established by other government departments/agencies and require written approval from the respective department/agency prior to use (email the nominated supply arrangement contact listed on specific arrangement page). When accessing these arrangements, purchasers must ensure that it will meet the department's needs, and that the terms and conditions are suitable.
- If the purchase is valued under \$500,000 (ex GST):
 - Follow the requirements of the relevant supply arrangement in terms of how to use it (refer the [supply arrangement](#) (DoE employees only) page on OnePortal)

- If necessary, identify and manage any risks using the [Risk assessment \(PF005\)](#) (DoE employees only) form
