

Temporary Residents Admissions payment plan fact sheet

A payment plan is a payment option that provides a temporary visa holder experiencing financial hardship the opportunity to pay off an overdue debt.

Financial hardship is considered to occur when you are unable to meet your existing financial obligations for a short period of time. It may be caused by a number of factors, such as unforeseen weather events, a major change in your circumstances, such as illness or injury, or a change in employment.

The Department of Education International (DEi) and the customer sign an agreement for a fixed amount to be paid on a regular basis until the total outstanding amount is repaid, or an extension of time is granted before the debt is paid in full.

If the terms of an agreed payment plan are not met, the balance of the debt becomes due and payable immediately.

Contact DEi's Debt Management team to start the process at EQIDebtManagement@qed.qld.gov.au or telephone (07) 3034 4568.

Significant financial hardship

Temporary visa holders who are experiencing significant financial hardship may be eligible for a full or partial fee waiver. You are considered to be in significant financial hardship when you are unable to provide the following for yourself, your family or other dependants:

- food
- accommodation
- clothing
- medical treatment
- education

A fee waiver assessment will only be considered if submitted evidence meets the criteria as outlined in the [Guideline for assessing temporary resident admission fee waiver applications](#).
